KEY FEATURES & BENEFITS

Quick and easy staple removal

Align the staple with the LED light for fast and efficient staple removal with easy one-touch operation.

Clean removal

Reduce damage made to documents with neat and clean staple removal. The staple marks are small with no additional damage or tearing to the documents.*

* The performance of removal can be affected by certain conditions, such as location of staple position to the edge of document, the paper quality of the document, and condition of staple.

Heavy duty and flexible

Remove staples from a batch of documents up to 30 sheets, with support for various standard size staples.

Convenient staple bin

An blinking indicator light will notify the user when it is full so it can be emptied.
